

HIGH POWERED PRESSURE FOR DENSE COIL BEDS

Goodway's coil cleaner works the exact opposite of your standard pressure washer.... We were finally able to clean and use the entire coil. It really made a big difference. – **Chief Engineer**

CC-600 Powerful and Portable

If you have ever cleaned thick and hard-to-reach coil beds, you will know that the best way to get the desired results is by using high flow. Designed to clean heavy-duty coils with utmost perfection, CC-600 High Flow CoilPro® can penetrate coil beds up to 8" thick.

Whether you're inside or outdoors, the CC-600 High Flow CoilPro is the preferred choice for heavy-duty coils; it can connect to a water line for continuous flow or draw from two internal 5 gallon tanks for remote or hard-to-reach jobs. The CC-600 applies a thick layer of cleaner through the same custom foaming nozzle featured in our award-winning CC-140 CoilPro.

For environmentally friendly, fume-free cleaning, our expanding-foam detergent, CoilShine®, is the only choice, and it's included with the High Flow CoilPro.

CC-600-60: CoilPro 120V Coil Cleaner, including 25' hose, spray gun with 28" flexible crevice tool, four nozzles (foaming, two flat spray and pinpoint), and a 1 gallon bottle of CoilShine **Call for Price**
